Certified Guardians

Code of Ethics and Minimum Standards for Guardianship Services

Code of Ethics

Preamble. The purpose of this Code of Ethics and Minimum Standards for Guardianship Services (Minimum Standards) is to protect the interests of incapacitated persons in Texas by ensuring that certified guardians and guardianship programs provide guardianship services in a professional and competent manner. These standards are promulgated by the Texas Supreme Court pursuant to Section 155.101 of the Texas Government Code.

1. *Ward's Independence and Self-Reliance Promoted.* Guardianships in Texas are designed to grant authority over an incapacitated person only to the extent necessary to promote and protect the incapacitated person's well-being. To that end, the guardian must seek to encourage the development or maintenance of maximum independence and self-reliance to the extent consistent with the ward's health and safety and financial circumstances, with the eventual goal, if possible, of self-sufficiency.
2. *Fiduciary Relationship.* A guardian is a fiduciary of a ward under the guardian's care and must exhibit the highest degree of loyalty and fidelity in the guardian's relations with the ward.
3. *Confidentiality.* A guardian must treat information relating to a ward under the guardian's care as confidential and may disclose such information only with the consent of the ward or, if the ward cannot give consent, only as necessary to promote and protect the ward's wellbeing. To the extent not inconsistent with the ward's direction and best interests, or to the extent necessary to respond to a complaint or investigation, a guardian may disclose information about the ward's condition to family and friends of the ward or to an appropriate government entity. A guardian must disclose information about those matters specified in Section 1151.056, Texas Estates Code, to a ward's spouse, parents, siblings and children, unless the court relieves the guardian of the duty to do so in accordance with Section 1151.056, Texas Estates Code.
4. *Ward's Preferences Generally Respected.* When making decisions on behalf of a ward, a guardian must strive to act in accordance with the known or ascertainable preferences of the ward, including preferences expressed in valid estate planning documents, unless to do so would cause substantial harm to the ward's person or property, in which case the guardian should make decisions that are in the best interest of the ward. A guardian must regularly visit and, to the extent feasible, confer with the ward regarding decisions to be made in and on the ward's behalf. To the extent not inconsistent with the ward's direction and best interests, a

guardian may confer with family and friends of the ward concerning the ward's preferences.

5. *Duty of Competence.* A guardian of the person must make reasonable and informed decisions about the ward's residence, care, treatment, and services. A guardian of the estate must take care of and manage the estate as a prudent person would manage the person's own property unless relevant law imposes a higher standard of care. In either case, a guardian must exercise reasonable diligence to remain informed about options available to the ward to promote independence and self-reliance. A guardian must refrain from making decisions outside of the scope of authority granted to the guardian by law or court order.
6. *Less Restrictive Alternatives Preferred.* In determining the ward's residence, a guardian must strive to select a residence that represents the least restrictive environment available, both practically and financially. In making decisions relating to the ward's health, the guardian must strive to select care, treatment and service options that represent the least restrictive form of intervention available, both practically and financially. In either event, the guardian must give due consideration to the ward's preferences and well-being.
7. *Avoidance of Conflicts of Interest and Self-Dealing.* A must avoid conflicts of interest and refrain from personally engaging in transactions with the ward and other forms of self-dealing, except in a manner authorized by law.
8. *Responsibility to Keep Court Apprised of Condition of Ward's Person or Property.* A guardian must keep the court monitoring the guardianship apprised of the guardian's and ward's whereabouts and the condition of the ward's person and estate, including timely filing reports and accounts as required by law or court order, and updating the court regarding significant, material changes as they occur.
9. *Responsibility to Seek Modification or Termination of Guardianship.* A guardian must seek modification of the terms of the guardianship or termination of the guardianship when appropriate to promote the independence and self-reliance of the ward. Upon termination of a guardianship, the guardian must settle and close the guardianship competently and without unnecessary delay.
10. *Responsibility to Manage Caseload.* A guardian must not accept a new appointment if doing so would substantially and adversely affect the guardian's ability to fulfill duties to any ward already under the guardian's care. When a guardian can no longer effectively perform the duties of ~~the~~ guardian to a ward under the guardian's care, the guardian must take necessary steps to alert the court of the need for the appointment of a successor guardian.

Minimum Standards for Guardianship Services

1. *Applicability.* These Minimum Standards apply to the provision of guardianship services by certified guardians, guardianship programs, and the Texas ~~Department of Aging and Disability Services~~Health and Human Services Commission. Unless the context clearly indicates otherwise, a Minimum Standard applicable to a guardian appointed by a court is equally applicable to a guardianship program appointed as guardian by a court.

 - (a) Guardianships are established through a legal process and are subject to the supervision of the court.
 - (b) The guardianship court order determines the authority and the limitations of the guardian.

3. *Relationship with the Ward.*
 - (a) The guardian must maintain a professional relationship with the ward. The guardian must treat the ward with respect, consideration, and recognition of the ward's dignity and individuality.
 - (b) The guardian must not engage in sexual relations with a ward.
 - (c) Unless this right of the ward is limited by a court or otherwise restricted by law, the guardian must keep the ward informed about the terms and limitations of the guardianship.

- (d) Unless this right of the ward is limited by a court or otherwise restricted by law, the guardian must provide the ward contact information for the court, the Judicial Branch Certification Commission, the Department of Family and Protective Services, Disability Rights Texas, and other state and local agencies and organizations which provide resources on aging, disability, mental health, and intellectual and developmental disabilities.

4. *Relationship with Family Members and Friends of the Ward.*

- (a) The guardian must maintain a professional relationship with the ward's family and the ward's friends.
- (b) The guardian must recognize the value of family and friends to the quality of life of the ward. The guardian must encourage and support the ward in maintaining contact with family members and friends when doing so benefits the ward.
- (c) The guardian must assist the ward in maintaining or reestablishing relationships with family and friends, except when doing so would not be of benefit to the ward.
- (d) When disposing of the ward's assets, the guardian may notify family members and friends and give them the opportunity, with court approval and in compliance with the Texas Estates Code, to obtain assets (particularly those with sentimental value).
- (e) The guardian must make reasonable efforts to preserve property designated in the ward's will and other estate planning devices executed by the ward. Subject to court approval, the present needs of a ward, if not covered by other property, may have priority over preservation of designated property.
- (f) The guardian may maintain communication with the ward's family and friends regarding significant occurrences that affect the ward when that communication would benefit the ward.
- (g) The guardian must maintain communication with the ward's spouse, parents, siblings, and children if the ward is admitted to a medical facility for acute care for three days or longer, the ward's residence has changed, or the ward is staying at a location other than the ward's residence for longer than a week, unless the court relieves the guardian of the duty to do so in accordance with Section 1151.056, Texas Estates Code.
- (h) The guardian may keep immediate family members and friends advised of all pertinent medical issues when doing so would benefit the ward. The guardian may request and consider family input when making medical decisions.

- (i) The guardian must inform the ward's spouse, parents, siblings, and children if the ward dies and, in the event of the ward's death, of any funeral arrangements and the ward's final resting place, unless the court relieves the guardian of the duty to do so in accordance with Section 1151.056 Texas Estates Code.

5. *Relationship with Other Professionals and Providers of Service to the Ward.*

- (a) The guardian must treat all professionals and service providers with courtesy and respect and strive to enhance cooperation on behalf of the ward.
- (b) The guardian must develop and stay current with the services, providers, facilities, and community resources to ensure that the ward receives high-quality services from the most appropriate provider.
- (c) The guardian must coordinate and monitor services needed by the ward to ensure that the ward is receiving the appropriate care and treatment. A guardian must not provide direct services to the ward for compensation unless a written contract approved by the court authorizes the provision of such services.
- (d) The guardian must engage the services of professionals (such as attorneys, accountants, stockbrokers, real estate agents, doctors) as necessary to appropriately meet the needs of the ward and in compliance with the Texas Estates Code.
- (e) The guardian must avoid even the appearance of a conflict of interest or impropriety when dealing with the needs of the ward. Impropriety or conflict of interest arises where the guardian has some personal or agency interest that can be perceived as self-serving or adverse to the position or best interest of the ward. A conflict of interest may also arise where the guardian has dual or multiple relationships with a ward which conflict with each other or has a conflict between the best interests of two or more wards. The guardian must disclose dual or multiple relationships to the court, except those which are casual, coincidental or allowed under Standard 15(c). Governmental entities and guardianship programs providing multiple services must maintain an arm's-length relationship between those services.

6. *Informed Consent.*

- (a) The guardian must enable the ward to exercise the ward's right to make informed consent decisions to the greatest extent of the ward's capacity and ability.
